

# Hanlin Hao

University of Bonn, Mathematical Institute, Bonn, Germany

✉ s22hhao@uni-bonn.de

☎ +49-15206570731

## EDUCATION

---

- **University of Bonn** *Oct. 2024 – Present*  
Bonn, Germany  
*M.Sc. in Mathematics*
- **Wuhan University** *Sept. 2020 – Jun. 2024*  
Wuhan, China  
*B.Sc. in Mathematics and Applied Mathematics, GPA: 3.80/4.00*

## RESEARCH INTERESTS

---

Algebraic Geometry, Complex Geometry, Moduli Spaces, K-theory and Hall Algebras, Representation Theory, and Symplectic Geometry.

## RESEARCH EXPERIENCE

---

- **Master's Research Project** *2025 – Present*  
University of Bonn  
*In progress*
- **Undergraduate Thesis** *Jan. 2024 – May 2024*  
Wuhan University  
*Complex Tori and Line Bundles*

## TEACHING EXPERIENCE

---

- **Tutor, Representation Theory I** *Summer Semester 2026*  
Bonn, Germany  
*University of Bonn*
- **Tutor, Representation Theory II** *Winter Semester 2026/27*  
Bonn, Germany  
*University of Bonn*

## CONFERENCES, WORKSHOPS AND SCHOOLS

---

- **Essen School on Logarithmic Motives** *Sep. 20–25, 2026*  
Essen, Germany  
*School on logarithmic geometry and motives*
- **Two Centuries of Moduli** *Sep. 6–11, 2026*  
Berlin, Germany  
*Conference on moduli spaces*
- **Early Number Theory Researchers Workshop 2025** *2025*  
Paderborn, Germany  
*Early-career workshop in number theory*
- **MAPSS 2025** *Aug. 15–24, 2025*  
*Mathematical Physics Summer School*
- **Cambridge Winter Programme in Theoretical Neuroscience** *Jan. 2021 – Mar. 2021*  
*Balanced Network Models of Cortical Circuits*

## SKILLS AND LANGUAGES

---

**Languages:** Chinese (native); English (C1).

**Programming:** Python, C, MATLAB.

**Typesetting:** L<sup>A</sup>T<sub>E</sub>X.
